👤 PROFILE

I am a self-driven individual with strong data analysis skills. I enjoy working with real-world data to find useful insights and support decision making. I am motivated, careful with my work, and passionate about using data to solve problems in research and practical settings.

📁 PROFESSIONAL EXPERIENCE

05/2023 – present
Savar, Dhaka,
Bangladesh

Research Assistant

Research Explorer

Self-motivated researcher with over three years of experience working with the team "Research Explorer." Involved in various research-related tasks, data analysis, and collaborative projects.

Key Responsibilities:

- Developed online questionnaires using KoboToolbox and Google Forms.
- Collected and managed data efficiently.
- Cleaned, organized, and maintained large-scale datasets, including BDHS data, for accurate analysis.
- Conducted statistical analysis, interpreted findings, and prepared formal research drafts.
- Collaborated with co-authors to ensure data integrity, accuracy, and timely submission of reports.
