SUMMARY

I enjoy working in AI. Working at multiple AI startups taught me a lot of things. In the future, I'd like to collaborate more to create new AI stuff. Create Some Stuff for AI Safety

WORK EXPERIENCE

Content Creator

Towards AI (Remote - Full Time)

Nov 2023 - Jan 2025

- Completed a Generative AI Book Projects With Towards AI Editorial Team (Building LLMs for Production: Enhancing LLM Abilities and Reliability with Prompting, Fine-Tuning, and RAG).
- Completed AI Development Course With Towards AI Editorial Team "From Beginner to Advanced LLM Developer"
- Completed AI Development Course With Towards AI Editorial Team "Building LLMs for Production"
- Completed Analysis Of Towards AI job RAG Board
- Analysis of AI (AI Company or AI Products features Analysis and Create Reports)
- Query understanding and prompt engineering
- Fine Tuning with Different Different LLM Models
- Data collection, cleaning and preparation Related To AI. (Automation Data Extraction)
- Making AI Related Content And Research Also for AI Trending News.
- Create Tutorial of AI Related
- Knowledge of RAG
- Technical Writing

Image Analysis

Life Analytics (Remote - Part Time)

July 2025 - August 2025

Creating Segmentation of Bio- Science related Image like Cells Using Python

Seo Strategist

Mindgrasp AI (Remote - Full Time)

Aug 2023 - May 2024

- Research About effective AI Related Keywords and create Clusters
- each week create 7 article and 10 clusters keywords using Semrush, Mangools etc SEO Tools
- Work with the Marketing Team of Mindgrasp in ASANA Project Management.
- Create new Strategy of SEO for the website.
- Created Marketing Emails
- Created Mindgrasp GPT in the chatgpt marketplace with mindgrasp Team

Prompt Engineer

Graybook AI (Remote - Full Time)

Aug 2023 - Apr 2024

- Data Scraping & Analysis: Extracting valuable insights from diverse datasets to inform strategic decisions.
- AI Content Creation: Utilizing advanced AI tools to craft compelling content that resonates with audiences.
- AI Data Analysis & Production: Analyzing AI trends and generating data-driven reports to steer AI project development.
- Writing & Editorial: Crafting engaging prompts that stimulate conversation and thought leadership in the AI space.
- SEO & Keywords Optimization: Conducting in-depth SEO analyses to enhance online visibility and drive organic traffic.
- Social Media Content & Management: Creating targeted content for platforms like LinkedIn and Facebook, ensuring brand consistency and audience growth.
- Community Engagement: Acting as a LinkedIn page moderator, fostering a professional community and enhancing brand reputation.

Instructor

EPaathshalaBD (Remote -Part-time)

Feb 2024 - May 2024

- Created a full Prompt Engineering Full Course of 8 Module

Instructor

BDSKILL (Remote -Part-time)

May 2025 - June 2025

- AI Course: AI Creation & Automation – From Prompts to Agents For Everyone

AI Niche Writer

Inversal (Remote -Freelance)

June 2023 - Nov 2023

- Created Generative Related AI and Prompt Engineering Related blogs

AI Agent Framework and MCP server familiar

LangChain

LangGraph

AUTOGEN

LlamaIndex

Generative AI Projects

Fine-Tuning LLMs for Regional Dialect Comprehended Question Answering in Bangla	LLMs, Chatgpt,LoRA
- Created 12,500-sentence dataset from various Bangla dialects - Achieved 53% BLEU score using ChatGPT-4 and LoRA fine-tuning	
Fine-Tuning LLMs for Sentiment Classification of AI-Related Tweets	LLMs, Llama2 , Prompt Engineering
- Analyzed 20,000 tweets using advanced prompt engineering - Implemented successful classification using Llama 2	
Advanced OCR Post-Processing: Integrating Vision-Language Models (LVMs)	LVMs, OCR, Post Processing
- Developed OCR Sytem With VLM Models for Post Processing for Better Accuracy - Implemented 14VLMs with OCRs For Post Processing Text Refeinements	
A Multi-Agent Garage Service Search and Recommendation with Hybrid MLs and LLMs	LLMS,MLs,Agent,
- Garage Assistance System, integrating Classical ML with Generative AI to optimize garage - Generative AI Models like chatgpt mini. gemini flash and perplexity Used.	
Turbulence Blur Extraction with LVM	LVM,Gemini,Qwen,Mistral, Agent,
- Extracting Turbulence Blur with LLM gemini , qwen , mistral etc LLM - Used De-nosing Mehod to Remove Blur from the Image	
Job Board Agent	Perplexity,Exa,Agent,
- Searching job around 10k website using Ai search Agent tool exa or perplexity - Used perplexity and Exa search agent model for search	
TrOCR-VLM: Enhancing Text Extraction from Blurry Images for Visually Impaired Users	LVM,TrOCR
- Pali Gemma, GotOCR, Qwen2-VL-7B-Instruct-to, Deepsake and Mistral (pixtral) refine TrOCR outputs - Improvements across various benchmarks, reducing CER to 0.11 and WER to 0.19	

AI Research Paper Publication

- 1.Mixed Color Roses Classification Using Convolutional Neural Network and K-means (Subject Area: AI, Machine Learning.)
(PubLished in 2023 5th International Conference on Sustainable Technologies for Industry 5.0 (STI 2023))
- 2.LLMs for Evaluation of Code to Find Vulnerabilities (Subject Area: AI, Machine Learning, LLM,CHATGPT)
(PubLished in 9th IEEE International Women in Engineering (WIE) Conference on Electrical and Computer Engineering 2023 (IEEE WIECON-ECE 2023))
- 3.Evaluating Machine Learning Model Performance in Predicting Polycystic Ovarian Syndrome (Subject Area: AI, Machine Learning)
(PubLished in 9th IEEE International Women in Engineering (WIE) Conference on Electrical and Computer Engineering 2023 (IEEE WIECON-ECE 2023))
- 4.A Student Guidelines Website for Final Year Thesis Using HCI UX Usability (Subject Area: AI, Machine Learning, NLP)
(PubLished 2024 Fourth International Conference on Advances in Electrical, Computing, Communications and Sustainable Technologies (ICAECT 2024))
- 5.A Smart Medical Box for Medical Professionals and Patients for Helping Them to Avail Timely Medication (Subject Area: IOT)
(PubLished in 9th IEEE International Women in Engineering (WIE) Conference on Electrical and Computer Engineering 2023 (IEEE WIECON-ECE 2024))

EDUCATION

Green University of Bangladesh

Feb 2019 - Feb 2023

- Bachelor of Science in Computer Science and Engineering.
-
- Technical Skills:** Project Management, Structural Analysis, Marketing, Data Analysis , Teaching
 - Languages:** English, Bangla ,
